*Irish record

Any requests for ratification of NI Masters records or queries surrounding existing records should be addressed to Alan McMullan, 13 Wandsworth Glen, Carnalea, Bangor, Co. Down BT19 1YY or e-mailed to alan.mcmullan@ukgateway.net.

ULSTER RECORDS (for Ulster individuals ONLY)

Ulster records set at the NI Master Championships do not need separate documentation for ratification as they will be automatically checked for records. Records set anywhere else need the race timecard showing timekeepers times and must be signed by the race official OR a copy of the official results programme before they are acceptable. **Ulster records** – can be set in any competition, either Masters or Open because there are only two Masters events in Northern Ireland in the year. In some cases therefore the NI record can be faster than the Irish record because it has been set in an Open event (that's Irish)!

IRISH RECORDS

Irish records must be recorded on the official ratification documentation, including the race timecard showing timekeepers times and must be signed by the race official and forwarded to Jeff Phillips, Cakestown, Kells, Co Meath, Republic of Ireland. E-mail – jeffandsue@eircom.net
Irish records - can only be set in Masters competitions.

ALL RECORDS

Records can only be set using electronic timing or if manual timing is used, by having no less than three separate watches.

Swimmers and their club must both be currently affiliated with Swim Ireland and have swum in the gala under that club name.

If you live outside Northern Ireland and are still a Northern Ireland citizen, then you will only be eligible to set records if you are a member of a Northern Ireland swimming Club that is registered with Swim Ireland and for Masters swimming and that you swam under that club name in the gala in which the record was set.

The eligibility date for all Masters events is taken "as at 31 December in the year of competition". Records set in galas which do not use this eligibility date will not be ratified where they fall on the cusp between two age groups.

All records MUST be claimed within 30 days of the race otherwise they will not be ratified. [Ruling by Swim Ireland (Masters) from 1 March 2005].

The Ulster Masters records can be found on www.swim-ulster.com under records.
